

CONTENTS

journal or publication title	Bulletin of the Research Institute of Mineral Dressing and Metallurgy, Tohoku University
volume	28
number	1
year	1972-11-15
URL	http://hdl.handle.net/10097/00114114

CONTENTS

Original Papers

Semiconducting Properties of Natural Pyrite. (I) On the Properties of Semiconductivity at the High Temperature Region and the Related Phenomena.	
By Hiromitsu HORITA and Masayoshi WADA.....	1
Semiconducting Properties of Natural Pyrite. (II) On the Properties at the Low Temperature Region and a Characteristic of Natural Crystals.	
By Hiromitsu HORITA.....	14
On the Electrical Resistivity of K, Rb and Cs in the Liquid State.	
By Yoshio WASEDA and Masayasu OHTANI.....	25
Nuclear Magnetic Resonance Studies on Adduct Formation. (I) Adduct Formation between Sulfur Coordinate Nickel Complexes and Amines	
By Michio NANJO	31
Nuclear Magnetic Resonance Studies on Adduct Formation. (II) Contact Shifts of Sulfur Ligand Protons.	
By Michio NANJO	41
Nuclear Magnetic Resonance Studies on Adduct Formation. (III) Adduct Formation between Sulfur Coordinate Co Complexes and Amines.	
By Michio NANJO	45
Nuclear Magnetic Resonance Studies on Adduct Formation. (IV) NMR Behaviors of Amine N-Oxide Adducts and of Paramagnetic Ethyl Protons in Sulfur Ligand.	
By Michio NANJO	55
Neutron Diffraction of TiNi.	
By Minoru MATSUMOTO, Yoshiro SHUGO and Toshio HONMA	65
The Effects of Thermal Cycles on the Resistivity — Temperature Curves of the Nonstoichiometric TiNi Compounds.	
By Toshio HONMA, Yoshiro SHUGO and Minoru MATSUMOTO	74
Up-grading of Titanium Slag by Acid Leaching Process.	
By Akira YAZAWA, Takehiko SATO, Tetsuya YAMAMOTO and Saburo IGARASHI.....	85
Dissolution of Gold in Ammoniacal Sodium Thiosulfate Solution.	
By Yoshiyuki UMETSU and Kazuteru TOZAWA	97
Mineralogical Study of the Manganese Silicate Ores in Northeastern Japan. (XI) Manganiferous Saponite from Tanohata Mine, Iwate Prefecture.	
By Matsuo NAMBU, Katsutoshi TANIDA and Tsuyoshi KITA-MURA	105
Activity Measurements of Liquid Nickel-Sulfur System between 800° and 1200°C.	
By Masahiro TAKEWAKI, Takeshi AZAKAMI and Mitsuo KAMEDA.....	113
Technical Notes	123, 135
Letter to Editors	40
Miscellany.....	156

PUBLICATION COMMITTEE

Prof. Matsuo NAMBU (<i>Chairman</i>)	Prof. Shinnosuke USUI
Prof. Yasuo OMORI (<i>Vice-Chairman</i>)	Asst. Prof. Yutaka SHIRAISHI
Prof. Kazuteru TOZAWA	Chief of Business Tojiro INANO
